

PHASE 3 – Creating UI Policies and Field Dependency

Employee Raise Issue – ServiceNow Project Documentation

Objective

Control form behavior dynamically using UI Policies and create a dependency between Category and Subcategory.

A. UI Policy – Short Description Mandatory

1. Navigate to All menus → search for UI Policies.
2. Click New.
3. Set Table to Employee raises issue.
4. Add the condition:
State is New.
5. Save the UI Policy.
6. Under UI Policy Actions, click New.
7. Select Field: Short description.
8. Set Mandatory: True.
9. Leave Visible and Read only unchanged.
10. Submit and update the UI Policy.
11. Open the Employee raises issue form and verify that Short description becomes mandatory when State is New.

B. UI Policy – Number Read Only

1. Create another UI Policy for Employee raises issue.
2. No filter condition is required.
3. Save the policy.
4. Under UI Policy Actions, click New.
5. Select Field: Number.
6. Set Read only: True.
7. Leave Mandatory and Visible unchanged.
8. Submit and update.

Note: The Number field can also be controlled through a Dictionary Override if required.

C. Create Category/Subcategory Dependency

1. Open the Employee raises issue table form.
2. Right-click the Subcategory field and select Configure Dictionary.
3. Open Advanced view.
4. Set the Dependent field to Category.
5. In the Choices section, configure the appropriate backend values for Subcategory.

Dependency Mapping

- Network → VPN
- Hardware → Laptop
- Software → Server
- Access → Forgot password

Expected Result

The form dynamically enforces mandatory/read-only behavior and displays the appropriate Subcategory choices according to Category.

1: UI Policy – Short description mandatory

The screenshot shows the 'Employee raises issue' form in ServiceNow. The form is titled 'Employee raises issue - Create EMP...' and has a 'Submit' button. The form contains several fields: 'Number' (EMP0001017), 'Requester' (empty), 'Assignment Group' (empty), 'State' (New), 'Subcategory' (-- None --), 'Category' (-- None --), 'Priority' (-- None --), and 'Short description' (empty). The 'Short description' field is marked with a red asterisk, indicating it is mandatory. The 'Number' field is highlighted with a green border, indicating it is read-only. The 'State' field is also highlighted with a green border, indicating it is read-only. The 'Requester' and 'Assignment Group' fields have search icons. The 'Submit' button is located at the bottom left of the form.

2: Number field read-only policy
